

Marc's, DK4DDS/PA1HFO modernised TR7

Fitted with LED back light on the S/Power-Meter and the dial window. The frequency display has been replaced by a 7-segment board with yellow LED's. Note the panel at the bottom for additional functions.

The TR7 in a modern metal cabinet matching the power supply.

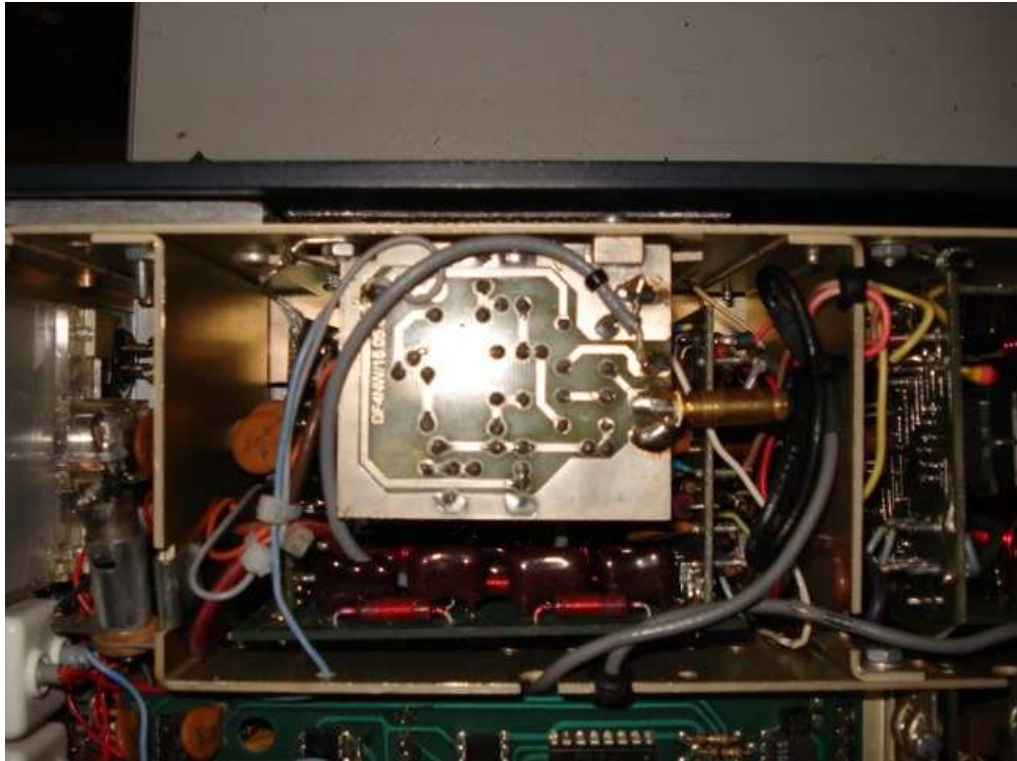

Marc's Drake Line

Marc's new version of a modernised and modified TR7 with multicolour frequency display and the PTO replaced by a DDS VFO.

The preamplifier is installed in the HP filter module compartment above the loudspeaker.
